

CPV Care Show Masterclass Theatre 30th April 2026

Time	Masterclass	Speakers
10:15am – 11am	Workforce Dilemmas: Employment Rights & National Minimum Wage in Social Care: Care providers are under growing pressure to balance workforce sustainability with legal and financial responsibilities. This panel explores common workforce dilemmas in social care, focusing on employment rights and National Minimum Wage compliance. Through expert insight and real-world examples, the session will highlight where risks most often arise and the practical steps providers can take to stay compliant while supporting their workforce.	Bradley Lawrence (HMRC) & Kashif Majeed (Aston Brooke)
11:15am – 12:15pm	The Future of Digital Safety in Social Care: AI Threats, Automation, & New Risks: A concise look at how AI-driven attacks and new digital threats are emerging in social care, and the practical steps providers can take to stay secure.	Dan O'Shaughnessy (Digital Care Hub), Tajinder Baines (CPV), Paul Lopez & Sapphire Little (Eastern Cyber Resilience Centre)
12:30pm – 1pm	TORN - A Lived Experience of Caring: A real-life scenario brought to the stage by unpaid carers to shine a light on the hidden reality of caring. This thought provoking, improvisational performance speaks emotionally, visually and powerfully to connect audiences with a world obscured from view that lives within reach of all of us.	Empathy (Greenwich Carers Centre)
1:15pm – 2:15pm	The Opportunities for Care Technologies	Matt Skinner (Care City CIC)
2:30pm – 3:15	Preparing for CQC in 2026: We know CQC are changing the framework (again). Some changes we know, some we are waiting to find out about. This session gives a clear overview of where we currently are, what to expect during the rest of 2026 and most importantly, how services stay CQC ready during this transition	Louie Werth (Care Research)
